Lisa England

- NO REPORT RECEIVED AS OF 11/09/12

Juanita Buckmaster

- Attended the Legislative Public Health Forum at ARESC and gave a brief report on a tobacco project from this year where I completed an in-service reaching 255 policemen in three counties with Act 811 information.
- Presented on prescription drug abuse in power point format named "From Awareness to Action; Preventing RX Abuse in Your Community" to the counselor's during their meeting held at ARESC.
- Presented to approximately 50 high school students at JRMH Henslee Center who were interested in nursing as a career to describe "a day in the life" of a community health nurse specialist for ADHD.
- Attended the New School Nurse Conference in Little Rock and presented on Individualized Healthcare Plans in schools.
- Participated in six flu clinics; I've acted as the School Coordinator, scheduling all the school flu clinics in Jefferson County, school flu clinics are scheduled on-going until December 14th.
- Delivering "More Than Sad" suicide prevention materials for each school district that will equip them to present the required two hour presentation to teachers every 5 years; plan to deliver these resources as I go to schools for the school flu clinics.

Rosemary Withers
